PREFACE

IN presenting the **Fifty-Fifth Annual Edition of the City of Hamilton Directory**, we thank the business men and patrons in general for the liberal and enthusiastic support which they have given us. The number of names of individuals in the Alphabetical Directory is 60,046 which, multiplied by $2\frac{1}{2}$, the usual figure used by Directory Publishers, give a population of 150,115 for Hamilton and the adjacent outskirts. This estimate includes the residents of West Hamilton and the section on the Mountain Top, which is not in the City Limits, and also a number of persons who live in the surrounding towns and villages but who are employed in Hamilton.

Our estimate of the population of Hamilton proper is 139,129.

Story of a Salesman's Success

A SALESMAN, 28 years of age, came to our office 12 years ago to take up a new line of business—a line against which he had been prejudiced, but which he knew carried great rewards for the successful. His average commissions after the second year have been about \$7000 a year, and he has built up a future income of over \$3000 a year on business already sold.

We are enlarging our organization, to prepare for an enormous expansion of business during the next few years. We have positions for good salesmen with successful records. Under our method of instruction failure is well-nigh impossible if they will pay the price in hard work.

Only applicants of unquestioned integrity and with high-grade references will be considered. Apply to
